

Empower Waco
tech team at work:

CHURCH TECHNOLOGY TEAM

Waco Regional Baptist Association

P.O. Box 1848

Waco, TX 76703

254-753-2408

www.wacobaptists.org

Have you been stumped on how to create a church website or implement today's technology with your church?

Are you trying to figure out how to set up the church AV equipment?

The **Church Technology Team** supports WRBA churches with the development of appropriate technology that assists the church with all of its ministries, such as:

- Evangelism
- Discipleship
- Outreach
- Community Ministries
- Internal Communications

"Technology gives the Body of Christ a better chance at coming together to effectively share the Good News of Jesus Christ."

-Jeffrey Cannon, WP Waco

Some examples of the technology that this team might help with:

- Apps and Church Use of Smart Phones
- Communicating with Prospects/Visitors/Members
- Websites
- Social Media
- Customer Relationship Management Databases

This team could assemble helpful groups of specialists:

- Website Designers
- Graphic Designers
- AV Technicians
- IT Support Technicians

These teams will make your church more culturally relevant and accessible to the community.
